
Mid-Atlantic Association of IB World Schools

IB MYP Networking: Inquiry II

George Washington Middle School
Hosted by Alexandria City Public Schools
April 26, 2013

Goals:

- Increase knowledge and understanding of various kinds of inquiry
- Opportunities for practice or use of inquiry related resources for useful teaching ideas
- Collaborate and create an inquiry based lesson using resources provided in the session

Essential Questions:

- How can inquiry based teaching and learning promote higher levels of student understanding and achievement?
- How can inquiry based research strategies help students to think like professionals in the various content areas?
