Library Media Specialist

Baltimore International Academy seeks a Library Media Specialist for the 2021-2022 school year. (Click [here](#) to read all the essential functions)

The ideal candidate for this position is one who:

- Has strong knowledge of the daily management of the library activity including new book processing, book repair, weeding, shelving books, and reorganizing shelves.
- Is committed to develop knowledge of curriculum in all subject areas and to instruct teachers, administrators, and other staff in the use of new information technologies.
- Collaborates with teachers and specialists to design and implement lessons, units of instruction, assess student learning and instructional effectiveness.
- Demonstrates skills with instructional technology.
- Has experience with developmentally appropriate, inquiry-based teaching and learning
- Demonstrates experience in meeting the needs of all learners.
- Has experience with the International Baccalaureate Program.
- Is proficient in the use of technical computer applications including Microsoft Word, Excel, and Outlook.

Minimum Qualifications:

- Master's degree preferably in library sciences, education, or related field.
- Eligible for a Maryland Educator certificate as Library Media Specialist.
- Participants in a Maryland State approved resident teacher or alternative teacher certification program may also be considered with the requirement that they must meet Maryland State Department of Education certification requirements for library media specialist by the completion of the program.
- Two years of successful teaching or two years of successful media-related experience.

Baltimore City Public Schools is an equal opportunity employer and encourages resumes from bi-lingual or multi-lingual candidates.
