*IB Music SL is currently offered at Marshall on alternate years only: 'odd' graduation yrs, '11, '13, '15, etc. and can be taken at either grade 11 or grade 12. IB Music students should be enrolled concurrently in a performance ensemble.

** Please note: the *ab initio* level is considered an "emergency" option for transfer students who were unable to continue a language previously studied at another school. Proficiency in a foreign language is paramount to the IB philosophy, so the Language B or A1 level is to be strived for.

*** These IB Courses are offered as one year at the end of which students take the SL Exam
