SMALL GROUP CONVERSATIONS

- ▶ On the next page in your notebook, write about your initial reactions. What excited you? Was interesting? New? Intriguing?
- ▶ What scared you? What do you think cannot be done given institutional restraints?
- ▶ Discuss and share. If you hear a problem that you have already come up with a solution, please share. How can we think outside of the box about potentially addressing some of these restraints?

SMALL GROUP CONVERSATIONS

- ▶ What is one take-away that you will leave with today? What would you talk to instructional leaders about in your county?

Let's end with something positive and something that is action-inducing.
