IBMA Faculty Excellence Awards

- **Primary Years Programme**
- **Carlin Schwartz, Randolph Elem School**
- **Carlin is the Reading Specialist at Randolph ES. Most recently she spearheaded our school wide STAR (Students and Teachers as Readers) Readers initiative which provides a read aloud focusing on a learner profile each month. It is really inspiring to see students throughout the building taking on the learner profile attributes we focus on in these lessons, displaying their interpretations of each attribute with a product or action.**

IBMA Faculty Excellence Awards

- **Middle Years Programme**
- **Maria Jison, Stemmers Run Middle School**
- **Ms. Jison is new to our IB MYP school. From day one she has infused the learner profile examples into her lessons, asking students to select the profile item that they want to exhibit for the class period. By doing so, IB topics are infused every day in her classroom.**

IBMA Faculty Excellence Awards

- **Career-related Programme**
- **No nominees**

IBMA Faculty Excellence Awards

- **Diploma Programme**
- **Rebecca Millner, Eastern High School**
- **Ms. Millner is both a staple of our school and the IB program. She teaches our 11th grade IB History of the Americas course. Students love learning in her classroom because of her enthusiasm, creativity, and passion. She invests students in experiential learning through doing paideia seminars, student group projects, and simulations.**

Planning for Programme Development

- **Laura Lane, IBO World School Manager**
